1FUTURE PLATFORMA I PREZENTACIJA KHCS-a

Dr.sc. Nermin PALIĆ

Visoka škola „CEPS-Centar za poslovne studije” Kiseljak

Date: 18.3.2025.

Place: Sarajevo

Co-funded by the
European Union

TEMA PROJEKTA I KONZORCIJ

- **Klimatske promjene** značajno utiču na **ekonomski i društveni razvoj**, čineći **visoko obrazovanje** ključnim za **jačanje kapaciteta** i znanja potrebnog za **održivo društvo**.
- Kako bi se odgovorilo na ove izazove, **investitorima, preduzećima, gradovima i građanima** EU i Balkana **potreban je pristup** relevantnim **podacima** i **alatima** za **upravljanje rizicima**.
- **Projekat 1FUTURE**, usklađen s EU Zelenim dogovorom, **podržava visokoškolske ustanove u stvaranju klimatski otpornih zajednica**, zasnovano na identifikovanim potrebama regiona.

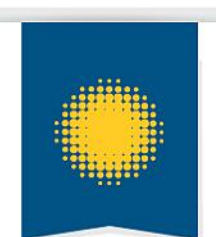

TEMA PROJEKTA I KONZORCIJ

Projekat okuplja:

- **21 partnera iz 8 zemalja** (Bosna i Hercegovina, Albanija, Švedska, Crna Gora, Srbija, Njemačka, Italija, Sjeverna Makedonija), od čega:

- 11 visokoškolskih ustanova

- 10 neakademskih partnera

CILJEVI PROJEKTA

- 1) Uspostaviti **Centre znanja za klimu i održivost (KHCS)** unutar svake visokoškolske ustanove u zemljama Zapadnog Balkana (WBC HEIs)
- 2) **Integrirati kulturu klimatske i održive svijesti** u visokoškolske ustanove Zapadnog Balkana
- 3) **Podići svijest zaposlenih i studenata** o potrebi klimatskih akcija unutar visokoškolskih ustanova
- 4) **Povećati sinergiju između akademske zajednice, poslovnog sektora i vlade**
- 5) **Ojačati mreže i saradnju između osoblja i studenata** visokoškolskih ustanova EU i Zapadnog Balkana u oblasti klimatskih i održivih inicijativa

GLAVNE AKTIVNOSTI PROJEKTA

- **Radni paket 1: Upravljanje projektom**
- **Radni paket 2: Pokretanje klimatskih i održivih inicijativa unutar akademske zajednice**
- **Radni paket 3: Razvoj mehanizama za jačanje sinergije između aktera u zemljama Zapadnog Balkana**
- **Radni paket 4: Unapređenje kapaciteta za nastavu, učenje i istraživanje unutar i izvan visokoškolskih ustanova u cilju postizanja klimatskih i održivih ciljeva**
- **Radni paket 5: Plan kontrole kvaliteta i praćenja rada (QCM)**
- **Radni paket 6: Disseminacija i iskorištavanje rezultata projekta**

Početak: April, 2023.

Trajanje: M1 – M36

Budžet: 800.000 EUR

Co-funded by the
European Union

GLAVNE AKTIVNOSTI PROJEKTA

Task 2.1 – Analysis of state of art of practices within EU and Third Countries associated with EU for fostering climate initiatives and collaboration with government, business and academia

Task 2.2 – Identifying gaps between climate and sustainability action in EU and the Balkans

Task 2.3 – Organise Study Visits in EU and Third countries associated to EU

Task 2.4 – Conduct surveys and interviews with public and private institutions, business communities and other stakeholders

Task 2.5 – Identify opportunities and risks associated with undertaking climate projects and actions within and between academia, business sector and government

Task 3.1 – Procurement, purchase and establishment of equipment and establishment of working space of the KHCSs

Task 3.2 – Establishment of legal entity and foundation of KHCS

Task 3.3 – Development of collaborative mechanisms between academia, business sector and government

Task 3.4 – Organizing workshops between HEIs, Business and government representatives

Task 4.2 – Introducing innovative curricula

Task 4.3 – Develop and deliver tailor-made short intensive courses for addressing students and professional's needs for raising climate and sustainability awareness

Task 4.4. – Design students and staff internships in selected business and public organizations and select representative case studies

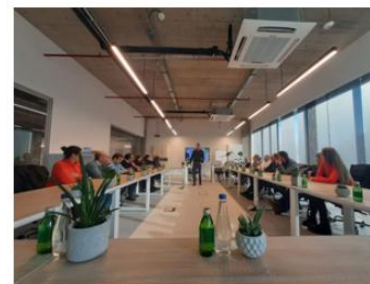

Kick-off meeting

Promotion of scientific research in the field of environmental sustainability. Creating new opportunities for all staff and students to develop their knowledge, skills and understanding regarding environmental sustainability issues and solutions.

Establishing the environmental system at the institutional level and promoting its environmental values

Support students, staff and the wider community to reduce energy consumption levels through the increase of energy efficiency and the use of renewable energy.

Prevention of environmental pollution through the implementation of the hierarchic principles of waste management (prevention, reduction, reuse, recycling and appropriate final treatment).

- Promote and enhance the use of our natural resources in teaching and learning and research on sustainability as well as in everyday use and recreation.

Minimizing the environmental impact of the transport of staff and students for the purpose of teaching, learning, scientific

Improving working, learning, and living conditions in the faculty environment in order to increase the effectiveness of teachers and students.

Co-funded by the
European Union

- **CILJEVI:**
- 1. *Olakšati interdisciplinarne istraživačke projekte:* Poticati suradnju između istraživača, fakulteta i studenata
- 2. *Uspostaviti partnerstva i mreže* s lokalnim i međunarodnim institucijama, organizacijama i stručnjacima
- 3. *Obrazovni programi:* Ponuditi programe obuke, kurseve i radionice
- 4. *Razvoj kulture održivosti:* Integracija načela održivosti u kurikulum i radu visoke škole

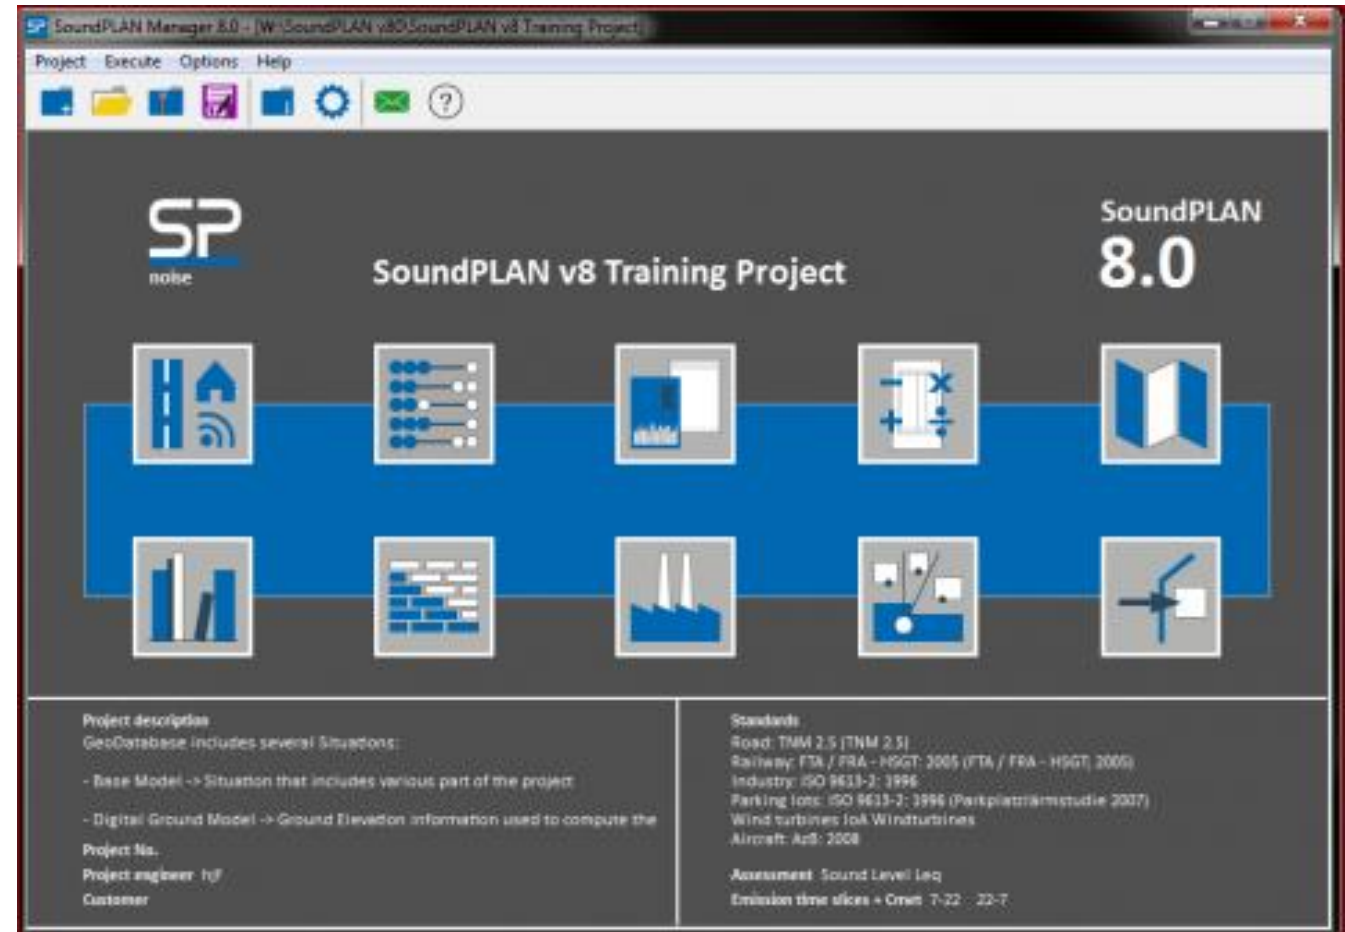

OTVARANJE KHCS-a NA CEPS-u

B&K Bruel & Kjaer uređaj za mjereje buke

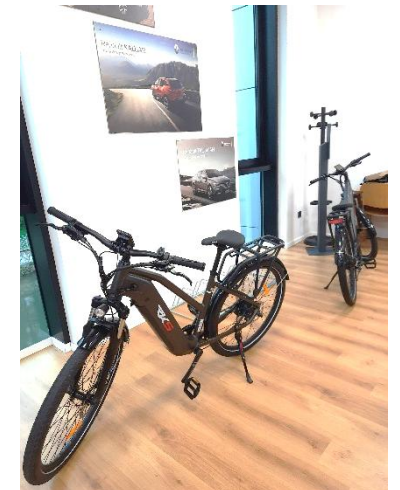

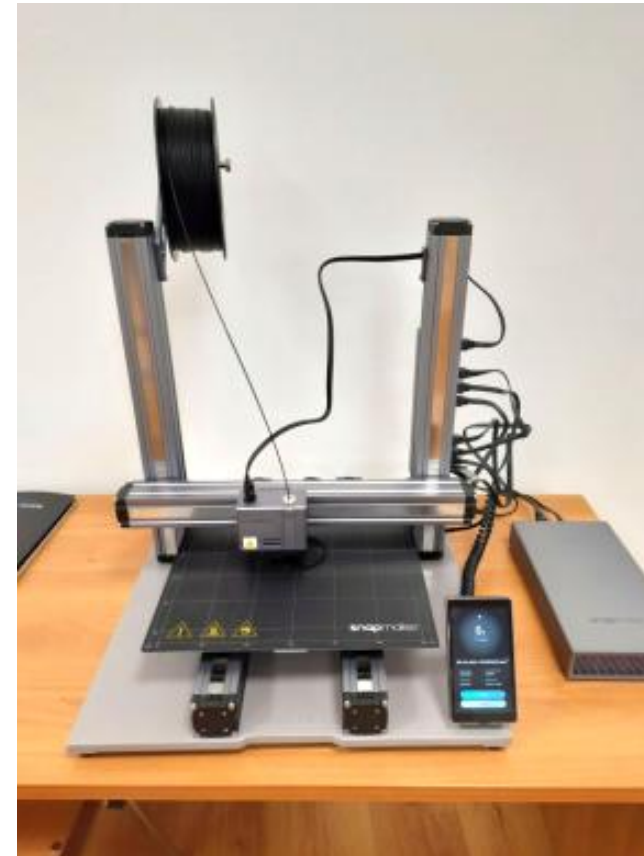

SoundPLAN softver za analizu i crtanje karte buke

Uređaj za analizu ispušnih plinova benzin i dizel motora; Mjerač prašine PCE-PCO 1 i popratna oprema

Oprema nabavljena kroz druge aktivnosti i dostupna za korištenje

Dodatni sadržaj koji je osigurao CEPS

- namještaj (stolovi i stolice, školska tabla, police i TV),
- Računar,
- Knjige, tematski časopisi, studentski završni radovi i druga literatura,
- Prostor za saradnju;
- WiFi.

KHCS na Univerzitetu u Tuzli

1FUTURE PLATFORM

- 1FUTURE platforma predstavlja **mehanizam saradnje** između **akademske zajednice, studenata, poslovnog sektora i državnih institucija**.
- Omogućava **slobodan protok informacija i komunikaciju** među svim relevantnim akterima.
- Sredstvo za **virtuelnu komunikaciju**.
- **Razmjena informacija** (ideje, projekti, istraživački prijedlozi, studije slučaja itd.), te će biti **korištena za nastavu, učenje i istraživanje**

Dynamic Features of the 1Future Platform:

Facilitates collaborative workshops and campaigns, offers a virtual meeting space, interactive user accounts for global interaction, and a platform for developing and sharing sustainable business solutions.

Engagement and Innovation:

Businesses use the platform to find and compete for sustainable solutions, and virtually commit to significant climate actions, enhancing their corporate responsibility.
